I am 54 years ago and had a complete hysterectomy at 24... I guess I never had a high sex drive due to the fact that my husband at that time worked out of town our whole marriage and would come home on the weekends (sometimes)...anyway, I am remarried and have absolutely no desire for sex...I love my husband with all my heart but it is a constant argument over sex...I have been told

this is all in my mind...our relationship is being destroyed over this and no compassion, only ridicule and allot of negative comments from him...I don't know what to do anymore...I feel helpless
